Weight (without equipment)2670 kg

IN STANDARD

ROPS/FOPS Cab + load indicator
FNR joystick
Waterproof dashboard and electric connections
Stabilisers
Differential lock
XT traction (2780 daN)
4-WAY steering
Anticorrosion treatment by cataphoresis

OPTIONS

Full mounting kit (+ load repartition calculation)
Rearview mirrors
Rotating beacon
Road lights
Working lights and reversing light
Load backrest

LONG BOOM

Easy and economical to maintain, the telescopic boom lets you unload your platform on one side only with excellent visibility, without needing extra accessories.

FNR JOYSTICK

This new « boom control » joystick now integrates the « reversing shift » function : the driver can keep one hand on the steering wheel and one hand on this joystick to operate any movement. Time saving and much better driving position.

XT 4W

In addition to the 50 HP Perkins engine, the TMT 2520 SR XT 4W has optimum torque: a drawbar pull 25% higher than that of the other models (2780 daN).

The specifications contained herein shall not bind the manufacturer and are subject to change without notice.
The Manitou described in this brochure may include optional equipment.
